

Dear UK OIML TC9/SC2 members,

Thank you for contributing to the revision of OIML R 50 Beltweighers.

The following documents are now attached for your consideration:

- 1) R50-1 Second committee draft CLEAN version
- 2) Minutes of the international TC9/SC2 R50 meeting held on 4/5 Feb. 2009 at NMO
- 3) TC9/SC2 comments to the first committee R50 draft with secretariat responses
- 4) Results of TC9/SC2 questionnaire on whether to include durability testing in R50.
- 5) TC9/SC2 working group report for the inclusion 'durability' testing at type approval
- 6) TC9/SC2 working group report for the inclusion of 'family or type' grouping of instruments
- 7) A form for your comments to the second committee R50 draft
- 8) A questionnaire to decide whether to hold a UK stakeholder R50 meeting at NMO, the date of the meeting to be decided later.

Please review all the documents and return your comments to the 2CD R50-1 and the completed meeting questionnaire to me at NMO: morayo.awosola@nmo.gov.uk by **30 October 2009**.

In the meantime please contact me if you have any questions. I look forward to hearing from you soon.

Regards
